IPEDS College Graduation Rates

Explanatory Note A10.1 Information on Computed College Graduation Rates Based on Data Obtained through the Integrated Postsecondary Education Data System (IPEDS)

Data collected through the Integrated Postsecondary Education Data System (IPEDS) are available from the National Center for Education Statistics to calculate the percentage of undergraduates who complete their degree programs within 150% of specified time periods. Students in four-year programs are considered to be “completers” if they graduate within six years from the time of their first enrollment. For two-year programs, the time frame for completion is three years.

The graduation rate that is calculated for an institution using IPEDS data is typically based on a cohort of full-time, first-time degree/certificate-seeking undergraduates who enrolled at the institution during the fall semester (or quarter) or the preceding summer. (A full-year cohort, rather than a fall cohort, is used by schools offering primarily occupational or vocational programs and operating on a continuous basis. In Nebraska, several for-profit career schools operate on a continuous basis, qualifying them to use a full-year cohort. For all other institutions in Nebraska, a fall cohort is used in calculating graduation rates.) The rate is calculated by dividing the number of completers by the number of students in the cohort and multiplying the fraction by 100 to express it as a percentage. The resulting percentage may be referred to as a “completion rate” or “graduation rate.”

A cohort may be adjusted (reduced) only by removing (deleting) students who leave the institution for any of the following reasons: death or total and permanent disability; service in the armed forces; service with a foreign aid service of the federal government, such as the Peace Corps; or service on official church missions. Otherwise, students remain in a cohort group even if they become part-time students, transfer to other institutions, or drop out of the institution permanently or temporarily.

With or without cohort adjustments, graduation rates based on IPEDS data are estimates of the percentage of full-time, first-time degree/certificate-seeking students who complete their academic programs at the same institution where they were enrolled as freshmen. These rates do not estimate the percentage of all students who complete their degree programs after transferring to other institutions, who started their degree programs in the winter or spring, or who initially enrolled at the institution as part-time students.

Computation and Comparison of College Graduation Rates by Sector

Table A10.2, Table A10.3, and Table A10.7 compare the latest available graduation rates for the six sectors of postsecondary education to the sector rates in 2004–2005. The schools that comprise the public and independent (not-for-profit) sectors are the same each year. However, since 2007, the following three for-profit/career schools have changed from non-degree granting to degree-granting status: CHI Health School of Radiologic Technology (formerly known as Alegent Health School of Radiologic Technology, fall 2007), Mary Lanning Memorial Hospital School of Radiologic Technology (fall 2010), and Omaha School of Massage and Healthcare of Herzing University (formerly known as Omaha School of Massage Therapy, fall 2009).

For the comparisons shown in Table A10.2, Table A10.3, and Table A10.4, the sector rates for the *degree-granting*, for-profit/career schools for 2004–2005 and 2014–2015 are computed *including* CHI Health, Mary Lanning, and Herzing, so that these sector rates reflect the graduation

rates of the same series of schools. For these comparisons, the sector rates for the *non-degree-granting*, for-profit/ career schools for 2004–2005 and 2014–2015 are computed *excluding* CHI Health, Mary Lanning, and Herzing, even though these schools were non-degree granting as of 2004–2005.

Table A10.4.a through Table A10.4.l summarize the graduation rate data by sector and by institution for each year since 2004–2005. In each of these tables, the for-profit/career schools are listed as degree granting or non-degree granting based on how they were classified at the time the graduation rate data for the year was collected.

Institutional changes and additions:

- College of Hair Design-East Campus first conferred degrees in 2011–2012.
- Dana College was closed in August 2010 and did not report to IPEDS thereafter.
- Doane College-Lincoln first conferred degrees in 2005–2006.
- Hamilton College became Kaplan University as of October 30, 2007.
- University of Phoenix-Omaha Campus first conferred degrees in 2006–2007 and closed fall 2015.
- Vatterott College closed fall 2005.
- Vatterott College-Spring Valley closed fall 2015.

<p><i>Note.</i> See Explanatory Note A10.1 for information on institutional sector changes and definitions. Data source: National Center for Education Statistics, IPEDS 2010 survey.</p> <p>^aJosephs College of Beauty-Lincoln originally reported 104 students in the cohort, 103 of whom completed degrees (99.0% graduation rate). These numbers were reported in versions of this report prior to 2014 and are incorrect. Due to problems with the college's data system, which has been replaced, the correct rate is not known, but it probably is in the range of 55% to 60%. Since the correct numbers are unknown, Josephs' students are not included in these figures. These changes also affected the sector and state totals as shown in this version of the table.</p>

Adoption of the category was mandatory beginning with graduation rate data reported for 2010–2011. Counts do not include nonresident aliens and students of unknown race/ethnicity. As a result, the graduation rate of 50.2% for 2004–2005 is higher than the statewide rate of 49.9%, which is based on the total adjusted cohort, including nonresident aliens and students of unknown race/ethnicity. For 2014–2015, the graduation rate of 50.5% is higher than the statewide rates of 49.8%, which is based on the total adjusted cohort, including nonresident aliens and students of unknown race/ethnicity.
