

# Comprehensive Statewide Plan for Postsecondary Education 2018 Measuring Accomplishments

Nebraska is committed to measuring its progress toward achieving the major statewide goals through national comparisons and institutional peer comparisons. It is the aim of the *Comprehensive Plan* that, when rank order is appropriate, Nebraska will rank among the ten best states in national comparisons, and individual public institutions will rank among the five best institutions in peer comparisons. For national comparisons, ranking in the top 10 is noted by a green circle, ranking 11 to 25 is noted by a yellow diamond, and ranking 26 to 50 is noted by a red square. For peer comparisons, ranking in the top five is noted by a green circle while ranking in the bottom six is noted by an orange diamond.

Data sources: U.S. Census Bureau (educational attainment, percent of population without an associate's degree enrolled in college); U.S. Department of Education (public high school graduation rate); ACT (college readiness benchmarks); Western Interstate Commission for Higher Education (high school graduates going directly to college); Integrated Postsecondary Education Data System (four-year completion rate); National Student Clearinghouse (six-year completion rates); State Higher Education Executive Officers Association (state and local appropriations per FTE student, net tuition revenue per FTE student); National Association of State Student Grant and Aid Programs (state need-based grant aid per FTE student); Midwestern Higher Education Compact (family income needed to pay net price for full-time enrollment). Metrics use the most recently available data, and cohort years differ depending on the data source. Please see the data dictionary for more information: [ccpe.nebraska.gov/files/doc/DataDictionary.pdf](http://ccpe.nebraska.gov/files/doc/DataDictionary.pdf).

Note. Median federal loan debt data for NCTA includes information for UNL and NCTA's graduates combined. Therefore, the available information is not representative of the debt incurred by NCTA's graduates and is not included in this report. Additionally, median federal loan debt data is not included for Ohio State University Agricultural Technical Institute (OSAT) as the data reported includes information for four Ohio State University institutions/campuses combined. Therefore, the available information is not representative of the debt incurred by OSAT's graduates and is not included in this report.

Data sources: Integrated Postsecondary Education Data System (undergraduate enrollment data, 150% graduation rates, graduation status, state and local appropriations per FTE student, net tuition and fees per FTE student, education and general spending per FTE student and per award, average net price of attendance); U.S. Department of Education (percent of undergraduates with federal loans and median federal loan debt of graduates). Metrics use the most recently available data, and cohort years differ depending on the data source. Note. UNMC is fundamentally different from most of its peers because it is limited to health occupation degrees and does not enroll first-time undergraduate students. As a result, most measures are not appropriate for comparison. Median federal loan debt data is not included for the Ohio State University-Main Campus (OSU) as the data reported includes information for four Ohio State University institutions/campuses combined. Therefore, the available information is not representative of the debt incurred by OSU's graduates and is not included in this report.

Note. Median federal loan debt data is not included for the Ohio State University-Lima Campus (OSUL) and the Ohio State University-Newark Campus (OSUN) as the data reported includes information for four Ohio State University institutions/campuses combined. Therefore, the available information is not representative of the debt incurred by OSUL's and OSUN's graduates and is not included in this report.

Data sources: Integrated Postsecondary Education Data System (undergraduate enrollment data, four-year graduation rates, 150% graduation rates, graduation status, state and local appropriations per FTE student, net tuition and fees per FTE student, education and general spending per FTE student and per award, average net price of attendance); U.S. Department of Education (percent of undergraduates with federal loans and median federal loan debt of graduates). Metrics use the most recently available data, and cohort years differ depending on the data source.
