### Nebraska and Non-Nebraska, First-Time Freshmen Migration Data

#### Explanatory Note A6.1 Nebraska-Resident, First-Time Freshmen Migration Data Collection and Limitations

The data used to estimate the number and percentage of Nebraska high school graduates who go to college in Nebraska or out of state are collected every two years by the National Center for Education Statistics (NCES) through the Integrated Postsecondary Education Data System (IPEDS). Referred to as “migration” or “residency” data, these data are collected through the fall IPEDS surveys that are conducted in even-numbered years. Consequently, the latest available data are for fall 2012 representing the 2011–2012 academic year. Data for fall includes students who start college during the summer, but does not include students who start college in the winter or spring.

Based on the IPEDS data summarized below, almost 99% of all Nebraska-resident first-time freshmen (FTF) attended degree-granting institutions in fall 2012.

<i>Note.</i> Includes full-time and part-time students. Institutions are classified as degree-granting, based on their classification at the time of each fall survey. Data sources: National Center for Education Statistics, fall 2002, 2004, 2006, 2008, 2010, and 2012 IPEDS surveys; and records maintained by Nebraska’s Coordinating Commission for Postsecondary Education, 2011 and 2012.						

The residency data reported by the non-degree-granting institutions in Nebraska for 2002 and 2004 were not as complete or consistent as the data reported by the degree-granting institutions. In order to maintain comparability with the 2002 baseline data, Nebraska-resident FTF who attended non-degree-granting schools are excluded from further analysis of the enrollment trends of Nebraska-resident freshmen presented in this section of the *Progress Report*.

The data collected from degree-granting, independent institutions and for-profit schools in fall 2002, 2004 and 2006 are limited by the fact that a few schools did not report the numbers and residence status of their first-time freshmen who graduated from high school within 12 months of college enrollment. See Table A6.8.a, Table A6.8.b and Table A6.8.c for the institutions that did not provide this information.
