

## Appendix 8

### Financial Aid Programs

#### Explanatory Note A8.1 Definitions of Federal and State Title IV Financial Aid Programs

The following are definitions of the types of federal and Title IV financial aid programs available to Nebraska postsecondary students between 2003 and 2014:

- **Academic Competitiveness Grant (ACG):** Created under the Higher Education Reconciliation Act of 2005, ACGs were need-based but limited to students who had demonstrated academic achievement. To receive an ACG, a student must have been a college freshman or sophomore, a U.S. citizen, Pell Grant-eligible and have completed a program of rigorous high school course work as defined by their state and recognized by the U.S. Secretary of Education. ACGs provided additional funds of up to \$750 for first-year college students and up to an additional \$1,300 for second-year students who were enrolled full time and maintained a 3.0 GPA in college. Institutions began awarding these grants in the 2006–2007 academic year. This program was eliminated after the 2010–2011 academic year.
- **Federal Pell Grant:** Federal Pell Grants are awarded to undergraduates who have not earned a bachelor's degree and who demonstrate high financial need. Pell Grants do not have to be repaid. The award range for Pell Grants for the award year 2014–2015 was \$587 to \$5,730.
- **Federal Supplemental Educational Opportunity Grant (FSEOG):** Undergraduate students with exceptional need and who have not received a bachelor's degree are eligible to receive the FSEOG. FSEOG awards can range from \$100 to \$4,000 and do not have to be repaid, but awards are subject to the availability of funds at a student's institution.
- **Federal Work-Study (FWS):** The FWS provides on- and off-campus jobs for graduate and undergraduate students who demonstrate financial need. Work-study amounts awarded vary from institution to institution.
- **Iraq and Afghanistan Service Grant (IASG):** The IASG provides money to college or career school students to help pay for educational expenses. A student may be eligible to receive the IASG if the student's parent or guardian was a member of the U.S. armed forces and died as a result of military service performed in Iraq or Afghanistan after the events of 9/11, and the student is not eligible for a Federal Pell Grant on the basis of the Expected Family Contribution but meets the remaining Federal Pell Grant eligibility requirements, and the student was under 24 years old or enrolled in college at least part time at the time of the parent's or guardian's death. The grant was awarded for the first time in Nebraska in 2013–2014. The grant award is equal to the amount of a maximum Federal Pell Grant for the award year but cannot exceed the student's cost of attendance for that year.
- **Nebraska Opportunity Grant (NOG):** State grants are awarded to Nebraska-resident students who demonstrate high financial need and who attend eligible Nebraska postsecondary institutions to assist with the students' educational expenses. Funding for the grant comes from the state through the Nebraska Lottery and the state's general fund. The Nebraska State Grant (NSG) program was in effect from 2003–2004 through 2009–2010. In 2010–2011, the program was renamed the Nebraska Opportunity Grant (NOG).

Continued on the next page.

## Explanatory Note A8.1 Continued

- **National Science and Mathematics Access to Retain Talent (SMART) Grant:** Created under the Higher Education Reconciliation Act of 2005, SMART grants were need-based but limited to students majoring in specified fields who maintained B averages in college. To receive a SMART grant, a student must have been a third- or fourth-year college student; a U.S. citizen; Pell Grant-eligible; enrolled full time; majored in a designated science, technology, mathematics, or critical language; and maintained a 3.0 GPA. Students who met these criteria would receive up to \$4,000 in additional financial aid. Institutions began awarding SMART grants in the 2006–2007 academic year. This program was eliminated after the 2010–2011 academic year.
- **Perkins Loans:** Perkins Loans are fixed, low-interest (5%) loans available to graduate and undergraduate students with financial need. Undergraduate students may borrow up to \$4,000 per year, and graduate students may borrow up to \$6,000 per year, depending on the availability of funds at their institution.
- **PLUS Loans:** PLUS loans are available to the parents of dependent undergraduate students. These loans are not need-based. Parents may borrow up to the student's cost of attendance, less any other financial aid received.
- **PLUS Loans for Graduate and Professional Degree Students (Grad PLUS):** Graduate and professional degree students are eligible to borrow under the PLUS loan program up to their cost of attendance minus other estimated financial assistance. The terms and conditions applicable to PLUS also apply to GRAD PLUS. Applicants must apply for their annual loan maximum eligibility under the Federal Subsidized and Unsubsidized Loan Program before applying for a Graduate/Professional PLUS loan.
- **Subsidized (Sub) and Unsubsidized (Unsub) Stafford Loans:** Sub and Unsub Loans are available to undergraduate and graduate students. Students must demonstrate financial need in order to qualify for a Subsidized Loan, where the federal government pays the interest while the student is in school. Unsubsidized Loans are available to all students, but borrowers are responsible for the interest while in school. Limits for Sub and Unsub Loans range from a maximum of \$5,500 to \$20,500 depending on grade level and dependency status.
- **Teacher Education Assistance for College and Higher Education (TEACH) Grant:** The TEACH grant program was established under the College Cost Reduction and Access Act (CCRAA) to benefit current and prospective teachers. Beginning in 2008–2009, students may be awarded up to \$4,000 per academic year. Undergraduate and post-baccalaureate students may receive up to a total of \$16,000, while graduate students may receive up to \$8,000. Eligible students must be currently completing or planning to complete coursework necessary to begin a career in teaching. There are, however, graduate degree alternatives for teachers or retirees with experience in a teacher shortage area. To be considered for a grant, a student must have a score above the 75<sup>th</sup> percentile on an admissions test, such as SAT, ACT or GRE and at least a 3.25 GPA. Students must sign an understanding of terms document to certify they understand the terms of the grant and the teaching service requirements. The student must teach full time for at least four years within eight years of completing the program at a Title I school as a highly qualified teacher and/or in a specified subject area (mathematics, science, foreign language, bilingual education, special education, reading or another "high need" field). If service is not met, the grant must be repaid as an unsubsidized direct Stafford Loan with interest from the date(s) of original disbursement.

Students must demonstrate financial need to be considered for all aid programs listed except for the TEACH, the Unsubsidized Loan, the PLUS, and the GRAD PLUS. Financial need is the difference between the student's costs to attend his or her respective institution and the ability of the family to contribute toward college costs. That ability is determined through completing the Free Application for Federal Student Aid (FAFSA). For example, if the cost of attendance is \$8,000 and the student's contribution is \$1,000, the student demonstrates a need of \$7,000.

**Explanatory Note A8.2**  
**Definitions of Income Groups**  
**for Access College Early (ACE) Scholarship Recipients**

**The following definitions are used for Table A8.4a through Table A8.4g:**

- **Low-income students:** Students approved to receive free or reduced-price school lunches.
- **Non-low-income students:** Students not approved for free or reduced-price school lunches. The non-low-income students include students in low-income households that have not applied for free or reduced-price school lunches. Participation in the free or reduced-price school lunch program is the only indicant of household income in the student records maintained by the Nebraska Department of Education; therefore, low-income students in the non-low-income category cannot be identified and excluded for the purposes of analysis.
- **Other low-income graduates:** The numbers for these students are determined by subtracting the numbers of male and female ACE scholarship recipients from the total numbers of male and female low-income graduates reported by the Nebraska Department of Education.

2015–2016 to Date <sup>a</sup>	2,461	8,571	193	17

*Note.* For the first year of the program in 2007–08, eligible students were allowed to apply for scholarships for as many courses as they wanted to take. In 2008–09 and 2009–10, scholarships were limited to funding only one course per term per eligible student, so that a student could receive scholarships for a maximum of two or three courses during the school year, depending on whether courses were taken on a semester or quarter basis. Beginning in 2010–11 and continuing through 2014–15, eligible students were allowed to apply for scholarships for as many courses as they wanted to take. For 2015–16, eligible students are limited to two courses per term. Data source: Nebraska’s Coordinating Commission for Postsecondary Education, January 2016.

<sup>a</sup> As of January 29, 2016.

Data source: Nebraska's Coordinating Commission for Postsecondary Education, November 2015.

<sup>a</sup> High school GPA is equal to the student's unweighted high school GPA, unless the student's transcript only contained a weighted GPA. GPAs greater than 4.0 were rounded to 4.0. For 2011–12, 2012–13, and 2013–14: high school GPA was self-reported by the student at the time of his/her ACE Plus application. For 2014–15 and 2015–16: high school GPA was obtained by Commission staff from the student's unofficial high school transcript.

<sup>b</sup> College GPA was obtained by Commission staff from the student's unofficial college transcript.

## Appendix 9

### IPEDS Freshmen Retention Rates

<b>Table A9.1 Nebraska Full-Time Freshmen Retention Rates of Nebraska Postsecondary Institutions by Sector Fall 2014 Compared to Fall 2004 Baseline</b>						
Sector of Nebraska Postsecondary Education	Fall 2004			Fall 2014		
	No. of Full-Time, First-Time Freshmen Fall 2003	Estimated No. of Students Retained Fall 2004	<b>Full-Time Retention Rate Fall 2004</b>	No. of Full-Time, First-Time Freshmen Fall 2013	No. of Students Retained Fall 2014	<b>Full-Time Retention Rate Fall 2014</b>
University of Nebraska	6,327	4,962	78.4%	7,253	5,918	81.6%
Nebraska State College System	1,231	858	69.7%	1,420	924	65.1%
Nebraska Community Colleges	3,942	2,295	58.2%	4,474	2,657	59.4%
<b>Total All Public Institutions</b>	11,500	8,114	<b>70.6%</b>	13,147	9,499	<b>72.3%</b>
Nebraska Independent Institutions	3,613	2,696	74.6%	3,351	2,571	76.7%
Degree-Granting For-Profit Schools <sup>a</sup>	961	586	61.0%	Insufficient Data to Calculate a Sector Retention Rate		
Non-Degree-Granting For-Profit Schools	589	506	85.9%	214	168	78.5%
<b>Nebraska State Retention Rate (<i>Excluding</i> Degree-Granting For-Profit Schools)</b>	15,702	11,316	<b>72.1%</b>	16,712	12,238	<b>73.2%</b>
<b>Nebraska State Retention Rate (<i>Including</i> Degree-Granting For-Profit Schools)</b>	16,663	11,902	<b>71.4%</b>	Insufficient Data for a Comparison		
<p><i>Note.</i> The <u>retention rate</u> for four-year institutions is the percentage of first-time bachelors (or equivalent) degree-seeking undergraduates from the previous fall who are again enrolled in the current fall. For all other institutions, this is the percentage of first-time degree/certificate-seeking students from the previous fall who either re-enrolled or successfully completed their program by the current fall. For fall 2004 through fall 2006, institutions reported retention rates to IPEDS but did not report the number of students retained. For these years, the Commission estimated the number of students retained by multiplying the number of first-time freshmen by the reported retention rate. Beginning with the fall 2007 IPEDS data, the retention</p>						
Continued on the next page.						

**Table A9.1 Continued**

rate for an institution is determined by dividing the reported number of retained students by the adjusted fall cohort of first-time freshmen. Degree-granting and non-degree-granting for-profit/career schools include the schools classified in each of these categories as of fall 2014. Data source: U.S. Department of Education, National Center for Education Statistics, IPEDS fall 2003, fall 2004, and fall 2014 surveys.

<sup>a</sup> In fall 2003, the degree-granting for-profit sector enrolled a total of 1,119 full-time, first-time freshmen, but 158 of these students were enrolled at Kaplan University-Lincoln, which did not report a retention rate for fall 2004. Consequently, Kaplan University-Lincoln is excluded from the degree-granting, for-profit schools, reducing the number of full-time, first-time freshmen in this sector to 961 in fall 2003 (1,119 less 158).

In fall 2013, the degree-granting for-profit sector reported 121 full-time, first-time freshmen. However, only three of the schools in this sector reported retention rates for fall 2014 that are comparable to the rates reported in fall 2004 (Myotherapy Institute, Omaha School of Massage and Healthcare of Herzing University, and Vatterott College-Spring Valley).

The available data for the remaining schools in the degree-granting for-profit category are not comparable between fall 2004 and 2014 for the following reasons. (1) Alegent Health School of Radiologic Technology no longer enrolls freshmen. (2) ITT Technical Institute-Omaha, Kaplan University-Lincoln Campus, Kaplan University-Omaha Campus, and The Creative Center can no longer report traditional freshmen retention rates. Since they are now four-year schools, they report retention rates *only* for bachelor-seeking students, even though all or most of their first-time freshmen register for associate-degree programs or programs of less than two years in length. (3) Mary Lanning Memorial Hospital School of Radiologic Technology does not enroll first-time freshmen. (4) National American University-Bellevue did not begin reporting full-time, first-time freshmen retention rates until fall 2012. (5) The Universal College of Healing Arts was not established until 2005. (6) The University of Phoenix-Omaha Campus was not established until 2006. (7) Beginning in 2007, Vatterott College has reported no students.

**Table A9.2  
Nebraska Part-Time Freshmen Retention Rates  
of Nebraska Postsecondary Institutions by Sector  
Fall 2014 Compared to Fall 2004 Baseline**

Sector of Nebraska Postsecondary Education	Fall 2004		Fall 2014	
	No. of Part-Time, FTF Fall 2003	Part-Time Retention Rate Fall 2004	No. of Part-Time, FTF Fall 2013	Part-Time Retention Rate Fall 2014
University of Nebraska	174	53.9%	134	41.8%
Nebraska State College System	62	46.0%	12	16.7%
Nebraska Community Colleges	1,505	33.8%	1,669	37.7%
<b>Total All Public Institutions</b>	<b>1,741</b>	<b>36.3%</b>	<b>1,815</b>	<b>37.9%</b>
Nebraska Independent Institutions	220	Insufficient Data	76	Insufficient Data
Degree-Granting For-Profit Schools	177	Insufficient Data	33	Insufficient Data
Non-Degree-Granting For-Profit Schools	8	Insufficient Data	18	Insufficient Data
<b>Nebraska State Retention Rate</b>	<b>2,146</b>	<b>Insufficient Data</b>	<b>1,942</b>	<b>Insufficient Data</b>

*Note.* The retention rate for four-year institutions is the percentage of first-time bachelors (or equivalent) degree-seeking undergraduates from the previous fall who are again enrolled in the current fall. For all other institutions, this is the percentage of first-time degree/certificate-seeking students from the previous fall who either re-enrolled or successfully completed their program by the current fall. For fall 2004 through fall 2006, institutions reported retention rates to IPEDS but did not report the number of students retained. For these years, the Commission estimated the number of students retained by multiplying the number of first-time freshmen by the reported retention rate. Beginning with the fall 2007 IPEDS data, the retention rate for an institution is determined by dividing the reported number of retained students by the adjusted fall cohort of first-time freshmen. FTF = first-time-freshmen. Degree-granting and non-degree-granting for-profit/career schools include the schools classified in each of these categories as of fall 2014. The schools in the independent and for-profit sectors did not provide sufficient data to calculate part-time retention rates for these sectors or for the state. Data source: U.S. Department of Education, National Center for Education Statistics, IPEDS fall 2003 through fall 2014 surveys.

<p><i>Note.</i> The <u>retention rate</u> for four-year institutions is the percentage of first-time bachelors (or equivalent) degree-seeking undergraduates from the previous fall who are again enrolled in the current fall. For all other institutions, this is the percentage of first-time degree/certificate-seeking students from the previous fall who either re-enrolled or successfully completed their program by the current fall. For fall 2004 through fall 2006, institutions reported retention rates to IPEDS but did not report the number of students retained. For these years, the Commission estimated the number of students retained by multiplying the number of first-time freshmen by the reported retention rate. Beginning with the fall 2007 IPEDS data, the retention rate for an institution is determined by dividing the reported number of retained students by the <u>adjusted</u> fall cohort of first-time freshmen. Data source: U.S. Department of Education, National Center for Education Statistics, IPEDS fall 2003 through fall 2014 surveys.</p>

## Appendix 10

### IPEDS College Graduation Rates

#### **Explanatory Note A10.1 Information on Computed College Graduation Rates Based on Data Obtained through the Integrated Postsecondary Education Data System (IPEDS)**

Data collected through the Integrated Postsecondary Education Data System (IPEDS) are available from the National Center for Education Statistics to calculate the percentage of undergraduates who complete their degree programs within 150% of specified time periods. Students in four-year programs are considered to be “completers” if they graduate within six years from the time of their first enrollment. For two-year programs, the time frame for completion is three years.

The graduation rate that is calculated for an institution using IPEDS data is typically based on a cohort of full-time, first-time degree/certificate-seeking undergraduates who enrolled at the institution during the fall semester (or quarter) or the preceding summer. (A full-year cohort, rather than a fall cohort, is used by schools offering primarily occupational or vocational programs and operating on a continuous basis. In Nebraska, several for-profit career schools operate on a continuous basis, qualifying them to use a full-year cohort. For all other institutions in Nebraska, a fall cohort is used in calculating graduation rates.) The rate is calculated by dividing the number of completers by the number of students in the cohort and multiplying the fraction by 100 to express it as a percentage. The resulting percentage may be referred to as a “completion rate” or “graduation rate.”

A cohort may be adjusted (reduced) only by removing (deleting) students who leave the institution for any of the following reasons: death or total and permanent disability; service in the armed forces; service with a foreign aid service of the federal government, such as the Peace Corps; or service on official church missions. Otherwise, students remain in a cohort group even if they become part-time students, transfer to other institutions, or drop out of the institution permanently or temporarily.

With or without cohort adjustments, graduation rates based on IPEDS data are estimates of the percentage of full-time, first-time degree/certificate-seeking students who complete their academic programs at the same institution where they were enrolled as freshmen. These rates do not estimate the percentage of all students who complete their degree programs after transferring to other institutions, who started their degree programs in the winter or spring, or who initially enrolled at the institution as part-time students.

#### Computation and Comparison of College Graduation Rates by Sector

Table A10.2 and Table A10.3 compare the latest available graduation rates for the six sectors of postsecondary education to the sector rates in 2002–2003, which is the baseline for this report. The schools that comprise the public and independent (not-for-profit) sectors are the same each year. However, since 2007, the following three for-profit/career schools have changed from non-degree granting to degree-granting status: Alegent Health School of Radiologic Technology (fall 2007), Mary Lanning Memorial Hospital School of Radiologic Technology (fall 2010), and Omaha School of Massage and Healthcare of Herzing University (formerly known as Omaha School of Massage Therapy, fall 2009).

For the comparisons shown in Table A10.2 and Table A10.3, the sector rates for the *degree-granting*, for-profit/career schools for 2002–2003 and 2013–2014 are computed *including* Alegent, Mary Lanning, and Herzing, so that these sector rates reflect the graduation rates of the same

Continued on the next page.

## Explanatory Note A10.1 Continued

series of schools. For these comparisons, the sector rates for the *non-degree-granting*, for-profit/career schools for 2002–2003 and 2013–2014 are computed *excluding* Alegent, Mary Lanning, and Herzing, even though these schools were non-degree granting as of fall 2003.

Table A10.4.a through Table A10.4.l summarize the graduation rate data by sector and by institution for each year since 2002–2003. In each of these tables, the for-profit/career schools are listed as degree granting or non-degree granting based on how they were classified at the time the graduation rate data for the year was collected.

### Institutional changes and additions:

- Dana College was closed in August 2010 and did not report to IPEDS thereafter.
- Doane College-Lincoln first conferred degrees in 2005–2006.
- Fullen School of Hair Design conferred degrees and awards for the first time in 2003–2004.
- Hamilton College became Kaplan University as of October 30, 2007.
- Myotherapy Institute conferred degrees and awards for the first time in 2003–2004.
- Universal College of Healing Arts first conferred degrees in 2005–2006.
- University of Phoenix-Omaha Campus first conferred degrees in 2006–2007.

<p><i>Note.</i> See <a href="#">Explanatory Note A10.1</a> for information on institutional sector changes and definitions. Data source: National Center for Education Statistics, IPEDS fall 2010 survey.</p> <p><sup>a</sup>Josephs College of Beauty-Lincoln originally reported 104 students in the cohort, 103 of whom completed degrees (99.0% graduation rate). These numbers were reported in versions of this report prior to 2014 and are incorrect. Due to problems with the college's data system, which has been replaced, the correct rate is not known, but it probably is in the range of 55% to 60%. Since the correct numbers are unknown, Josephs' students are not included in these figures. These changes also affected the sector and state totals as shown in this version of the table.</p>

<p><i>Note.</i> The rates within the for-profit/career school sectors for 2002–2003 and 2013–2014 are calculated based on how the schools were classified as degree granting or non-degree granting as of fall 2014. The race/ethnic category ‘two or more races’ was first available in IPEDS for fall 2008 enrollment. However, institutions were not required to use the new race/ethnic category until fall 2011 enrollments were reported. Data source: National Center for Education Statistics, IPEDS fall 2003 and fall 2014 surveys.</p>					

## Appendix 11

### IPEDS College Transfer Rates

#### Explanatory Note A11.1 Information on Computed College Transfer Rates Based on Data Obtained through the Integrated Postsecondary Education Data System (IPEDS)

Data collected through the Integrated Postsecondary Education Data System (IPEDS) are available from the National Center for Education Statistics to calculate transfer-out rates for reporting institutions. In this report, the terms transfer-out rate and transfer rate are used interchangeably.

A transfer-out student is a student who leaves the reporting institution (before completing a degree) and enrolls at another institution. A transfer-out rate is the total number of students who are known to have transferred out of the reporting institution within 150% of the normal time to degree or other award completion divided by the number of students in the adjusted cohort.

The cohort for a transfer rate is the same cohort that is used to calculate the graduation or completion rate, namely the full-time, first-time degree/certificate-seeking undergraduates who enrolled at the institution during the fall semester (or quarter) or the preceding summer. (A full-year cohort, rather than a fall cohort, is used by schools offering primarily occupational or vocational programs and operating on a continuous basis. In Nebraska, several for-profit career schools operate on a continuous basis, qualifying them to use a full-year cohort. For all other institutions in Nebraska, a fall cohort is used in calculating transfer rates.)

A cohort may be adjusted (reduced) only by removing (deleting) students who leave the institution for any of the following reasons: death or total and permanent disability; service in the armed forces; service with a foreign aid service of the federal government, such as the Peace Corps; or service on official church missions. Otherwise, students remain in a cohort group even if they become part-time students, transfer to other institutions, or drop out of the institution permanently or temporarily.

Data are collected on the number of students that transfer to other institutions if the mission of the institution, "...includes providing substantial preparation for students to enroll in another eligible institution..." (IPEDS Graduation Rates Full Instructions, 2015-16). As a result of the qualification that transfer be part of an institution's mission, some schools are not required to report the number of students in their freshmen cohorts who transfer to other institutions. Therefore, it is permissible for some schools to not report transfers, even though it would be desirable for them to report this information.

NE (749)	42.7%	34.9%	4.1%	3.7%			8.7%	48.6%
<p><i>Note.</i> The percentages reported in this table are based on the enrollment and completion records maintained by the National Student Clearinghouse since June 1, 2004. An analysis of these records resulted in a national cohort of approximately 2.7 million college students who were classified as degree-seeking, first-time freshmen in fall 2008. The enrollment and completion records of these students were then analyzed through the six-year period ending May 31, 2014. Each student was classified by the state of the institution where the student first entered college, not by the student's residential home state. The percentage of Nebraska institutions with Clearinghouse records for 2004 through 2014 varied by type of institution. The historical data coverage rate, based on student enrollments, for Nebraska's four-year public institutions was 100.0%, and Nebraska's four-year private nonprofit institutions coverage rate was 93.9%. Meanwhile, the historical coverage rate for Nebraska's two-year public colleges was 99.0%. First-time enrollment status was established by confirming that a student (1) did not show any postsecondary enrollment record in the four years prior to May 31, 2008, and (2) did not receive a degree or certificate from any postsecondary institution prior to fall 2008, according to Clearinghouse data. Exceptions were made for former dual enrollment student who had taken college courses while still in high school and for students who began their studies in summer 2008 (May 1 through August 31). Fall 2008 enrollment was defined as enrollment during any term beginning August 11 through October 31, 2008, inclusive. If no term started between these dates, the Clearinghouse used the term that started between July 14 and August 10, 2008, inclusive. Data Source: National Student Clearinghouse Research Center, Completing College: A State-Level View of Student Attainment Rates (Signature Report No. 8a), published February 2015 as a supplement to Completing College: A National View of Student Attainment Rates.</p>								

## Appendix 13

### Estimated Nebraska Net Migration of 22- to 64-Year-Olds

<b>Table A13.1</b>			
<b>Estimated Nebraska Net Migration of 22- to 64-Year-Olds</b>			
<b>1995–2000</b>			
<b>Part A: Migration of 22- to 29-Year-Olds</b>			
Education Degree Level	Number Who Moved to Nebraska	Number Who Moved Out of Nebraska	Net Migration
Less than High School	7,337	3,094	4,243
High School	8,438	6,247	2,191
Some College	12,835	12,357	478
Associate Degree	2,767	3,420	- 653
Bachelor's Degree	10,799	13,968	- 3,169
Master's Degree	1,490	1,845	- 355
Professional Degree	463	1,248	- 785
Doctorate	163	301	- 138
Total Number of Adults	44,292	42,480	1,812
<b>Part B: Migration of 30- to 64-Year-Olds</b>			
Education Degree Level	Number Who Moved to Nebraska	Number Who Moved Out of Nebraska	Net Migration
Less than High School	11,453	6,708	4,745
High School	15,195	15,010	185
Some College	15,754	16,739	- 985
Associate Degree	6,438	6,254	184
Bachelor's Degree	15,973	16,321	- 348
Master's Degree	6,112	8,062	- 1,950
Professional Degree	2,284	2,872	- 588
Doctorate	1,735	1,913	- 178
Total Number of Adults	74,944	73,879	1,065

<p><i>Note.</i> No conclusion can be drawn about a given estimate when the margin of error exceeds the estimate itself at the stated confidence level. Data users should exercise caution when the margin of error is large relative to the estimate itself. Data source: U.S. Census Bureau, American Community Survey one-year Public Use Microdata Sample (PUMS) files (2005 through 2014), obtained from the National Center for Higher Education Management Systems (NCHEMS).</p> <p><sup>a</sup>The 2009 PUMS data understated the number of minorities, especially Hispanics, due to the ACS's previous weighting methodology. Therefore, data users are advised against using estimates from the 2009 American Community Survey.</p>					

**Table A13.3**  
**Estimated Nebraska In-Migration and Out-Migration of 22- to 64-Year-Olds**  
**Confidence Intervals (Margin of Error at 90% Confidence Level) for One Year Estimates**  
**Based on the 2005 through 2014 American Community Survey**

<b>Level of Education</b>	<b>2005</b>	<b>2006</b>	<b>2007</b>	<b>2008</b>	<b>2009</b>
Less than HS Diploma	[1902, 4480]	*	*	[221, 5373]	[3449, 8971]
High School Graduate	*	*	*	*	[635, 6311]
Some College but No Degree	*	*	[715, 7079]	*	*
Associate's Degree	*	*	[74, 4760]	*	*
Bachelor's Degree	*	*	*	*	*
Graduate or Professional Degree	[-3207, -385]	*	*	*	*
<b>Total</b>	*	*	*	[2077, 14935]	[4719, 17891]
<b>Level of Education</b>	<b>2010</b>	<b>2011</b>	<b>2012</b>	<b>2013</b>	<b>2014</b>
Less than HS Diploma	[514, 4370]	[131, 3527]	[-5747, -1909]	*	[411, 3459]
High School Graduate	*	*	*	*	[343, 6111]
Some College but No Degree	*	*	*	*	*
Associate's Degree	*	*	*	*	[62, 3032]
Bachelor's Degree	[1042, 6260]	*	*	[-7085, -349]	*
Graduate or Professional Degree	*	*	*	*	*
<b>Total</b>	[2018, 16232]	*	*	*	[2541, 15939]

*Note.* Confidence intervals are shown based on 90% margin of error. \* = margin of error exceeds estimate at the 90% confidence level. When the margin of error exceeds the absolute value of the point estimate, no conclusions should be drawn about the estimate. [Table A13.2](#) shows that the 2014 estimated net migration of 1,935 for those with less than a high school diploma has a 90% margin of error of +/- 1,524. In other words, if one were to draw indefinite samples of the population, the point estimate for those with less than a high school diploma would fall between 411 and 3,459 90% of the time. Data source: U.S. Census Bureau, American Community Survey one-year Public Use Microdata Sample (PUMS) files (2005 through 2014), obtained from the National Center for Higher Education Management Systems (NCHEMS).
