IV. START DATE AND APPLICATION TIMELINE

The Door to College Scholarship Program begins July 1, 2024. It is the Commission's intent to develop and release application materials for the 2024-25 award year by April 1, 2024. Applications will be accepted any time during the award year but may not be made retroactive to the end of the enrollment period for which funds are requested; e.g., a student may not apply for a scholarship for the fall term after the term has concluded. Because awards will be made on a rolling basis, the Commission may adjust awards for new applications to remain within appropriation limits; e.g., students applying for a scholarship in January may receive less than the maximum scholarship amount if funds have been depleted.

V. ELIGIBLE INSTITUTIONS

The Door to College Scholarship Program is decentralized, meaning that eligible institutions act as agents on the Commission's behalf. Eligible institutions must submit a participation agreement to the Commission agreeing to provide services at several points in the application and awarding process and during the scholarship recipients college career:

1. During the application and awarding phase, eligible institutions will:

A. Advertise the availability of the Door to College Scholarship and identify potential eligible students through their participation in on- and off-campus programs and partnerships to the extent allowed by law.

B. Receive and process applications for awards under the Door to College Scholarship Act. The application will include certification by the student that the scholarship will be used only for eligible expenses.

C. Determine eligibility of students based on criteria set forth in the act except for verification of YRTC status.

D. Make recommendations to the Commission for awards to eligible students, including but not limited to the name and social security number of each eligible student, within 30 days of receiving an application.

E. Notify award recipients of their awards and apply the awards to their campus charges and/or refund the remainder to the award recipients for the sole purpose of meeting educational expenses.

F. An eligible institution must agree that it will not reduce institutional scholarships, grants, or tuition or fee waivers that a student would otherwise be eligible to receive if such student did not receive a Door to College Scholarship award. For example, a Door to College Scholarship award cannot be used to reduce an institutionally funded promise scholarship.

2. After an award is made, an eligible institution will ensure that an award recipient is provided adequate support and opportunities to meet with an assigned advisor at regular intervals to discuss academic progress and to develop a job-search plan.

3. An eligible institution must agree to provide to the Commission information required to evaluate the Door to College Scholarship Program, including but not limited to enrollment, retention, and graduation information for all award recipients.

VI. STUDENT ELIGIBILITY

Eligible student means an undergraduate student who:

1. Graduated from high school from an accredited education program at a YRTC operated and utilized in compliance with state law or graduated from an approved or accredited public, private, denominational, or parochial school after being discharged from a YRTC operated and utilized in compliance with state law;

2. Authorizes the Nebraska Department of Health and Human Services to verify for the Commission the applicant's name and previous status at a YRTC.

3. Is enrolled in an eligible institution;

4. Has applied for federal financial aid through the Free Application for Federal Student Aid for the applicable award year;
5. Is a resident student who is domiciled in Nebraska as provided by section 85-502;
6. Complies with all other provisions of the Door to College Scholarship Act and any rules and regulations and/or guidelines adopted and promulgated pursuant to the act; and
7. In the case of an eligible student beginning the first year in attendance at an eligible institution, such eligible student has satisfied requirements for admission and has enrolled or indicated an intent to enroll in an eligible institution; or
8. In the case of an eligible student enrolled in an eligible institution following the successful completion of the student's first year in attendance, such eligible student continues to meet the requirements of the Door to College Scholarship Act and has maintained the minimum standards of performance as required by the eligible institution in which the eligible student is enrolled.

VII. APPLICATION PROCESS

1. Applicants must complete the Free Application for Federal Student Aid (FAFSA) and identify the eligible institutions they intend to apply to on the FAFSA.
2. Application must be made annually on a form developed by the Commission and submitted directly to the office designated by the eligible institution an applicant plans to attend.
3. Application forms will be available on the Commission website and directly from eligible institutions no later than April 1 for each subsequent award year.
4. The eligible institutions will receive and process all applications, determine eligibility, and make recommendations to the Commission within 30 days of receiving an application.
5. Within 30 days after receiving recommendations from an eligible institution, the Commission will notify each eligible institution of its approval or disapproval of recommended awards and the total award amount approved for eligible students at the eligible institution.

VIII. AWARDS

The Commission will notify eligible institutions of award amounts, based on institutional recommendations, within 30 days of receiving the recommendations. The maximum annual award for full-time students (24 or more semester credit hours, 36 or more quarter credit hours, or 900 or more contact hours) is \$5,000. Awards for part-time students will be prorated:

Annual Basis	Enrolled Hours	Semester Award	Quarter Award
\$5,000	12 or more	\$2,500	\$1,666.66
\$4,500	11	\$2,250	\$1,500.00

\$3,500	8	\$1,750	\$1,166.66
\$3,000	6 or 7	\$1,500	\$1,000.00

In the event award amounts recommended by eligible institutions exceed available appropriations, the Commission will prorate all awards by the percentage required to stay within the available appropriation.

IX. DISBURSEMENT AND REFUNDS

The Commission shall distribute to each eligible institution the total award amount approved for eligible students at such institution. The eligible institution shall act as an agent of the Commission to disburse the awards directly to eligible students during the award year.

If an award recipient discontinues attendance before the end of the award year, enrolls in fewer hours than what was anticipated, or the award is terminated pursuant to section 85-3207, the award recipient shall remit any award balance allowable to the eligible institution in accordance with such institution's withdrawal policy. The institution shall remit such award balance to the commission in accordance with such institution's refund policy.

X. AWARD RECIPIENT RESPONSIBILITIES

Award recipients must agree to:

1. Attend all required courses regularly;
2. Meet with an assigned advisor at regular intervals to discuss academic progress and to develop a job-search plan;
3. Maintain good academic standing at their eligible institution without any disciplinary action by the institution;
4. Use the award only for eligible education expenses, meaning tuition, mandatory fees, other education-related fees, room and board, books, and other costs related to their education.
5. In case of withdrawal, remit any award balance allowable under their eligible institution's withdrawal policy back to their eligible institution.
6. Authorize their eligible institution to release to the Commission educational records necessary to demonstrate compliance with the requirements of the Door to College Scholarship Act, including but not limited to federal financial aid eligibility, enrollment status, credit hours attempted and completed, cumulative credit hours, and graduation status.

XI. STUDENT APPEAL PROCESS

Students who are adversely affected by the actions of the Commission or an eligible postsecondary educational institution in the distribution of funds or granting of awards may appeal the decision.

A. Students shall first make an appeal directly through the eligible postsecondary educational institution's financial aid appeal procedure.

B. Students who desire further consideration of an institutional decision may appeal, in writing, to the Commission within 21 calendar days of the institutional decision. The decision of the Commission shall be binding.
