Introduction

The Community College Gap Assistance program was established by the Nebraska Legislature in 2015 to address identified skilled workforce shortages and an identified affordability and workforce preparation “gap.” The program provides financial aid to low-income community college students enrolled in credit or non-credit programs of study that prepare them for jobs in high-need fields but are not eligible for Pell or state Nebraska Opportunity Grants, which serve only students enrolled in for-credit courses leading to certificates or degrees.

With the passage of LB 528 (2021), eligible institutions were expanded to include accredited, not-for-profit, two-year postsecondary institutions with a physical presence in Nebraska. References to community colleges in this report include these institutions.

STUDENT ELIGIBILITY

Pursuant to Neb. Rev. Stat. § 85-2003, to be eligible for community college Gap Assistance, an applicant:

- a) Shall have a family income which is at or below two hundred fifty percent of the U.S. Department of Health and Human Services income poverty guidelines; and
- b) Shall be a resident of Nebraska as provided in Neb. Rev. Stat. § 85-502.

Applicants must complete an initial assessment, administered by their community colleges in accordance with Neb. Rev. Stat. § 85-2007, to determine the applicants’ readiness to complete a Gap Assistance program of study. The community colleges shall make the determination of readiness based on:

- a) The ability to be accepted into and complete a Gap program of study;
- b) The ability to be accepted into and complete a postsecondary certificate, diploma, or degree program for credit;
- c) The ability to obtain full-time employment; and
- d) The ability to maintain full-time employment over time.

ELIGIBLE STUDENT COSTS

Pursuant to Neb. Rev. Stat. § 85-2006 eligible student costs include, but are not limited to:

- a) Tuition;
- b) Direct training costs;
- c) Required books and equipment; and
- d) Fees, including, but not limited to, fees for industry testing services and background check services.

ELIGIBLE COMMUNITY COLLEGE COSTS

Pursuant to Neb. Rev. Stat. § 85-2009 (amended by LB 528 (2021)), community colleges may use up to ten (10) percent of their allocation to assist in defraying the costs of direct staff support services, including, but not limited to, marketing, outreach, applications, interviews, and assessments.

ELIGIBLE PROGRAMS

A Gap Assistance program of study means a program offered by a community college that (a) either (i) is not offered for credit and has a duration of not less than sixteen contact hours in length, or (ii) is offered for credit but is of insufficient clock, semester, or quarter hours to be eligible for Federal Pell Grants, and (b) does any of the following:

- Offers a state, national, or locally recognized certificate;
- Offers preparation for a professional examination or licensure;
- Provides endorsement for an existing credential or license;
- Represents recognized skill standards defined by an industrial sector; or
- Offers similar credential or training.

A Gap Assistance program of study offered by a community college must also be aligned with training programs with stackable credentials that lead to a program awarding either college credit, an associate's degree, a diploma, or a certificate in an in-demand occupation. The aligned training program must be for credit.

In-demand occupations must be in one of the following areas:

- Financial services;
- Transportation, warehousing, and distribution logistics;
- Precision metals manufacturing;
- Biosciences;
- Renewable energy;
- Agriculture and food processing;
- Business management and administrative services;
- Software and computer services;
- Research, development, and engineering services;
- Health services;
- Hospitality and tourism;
- Construction;
- Education (committee designated July 2020); and
- Any other industry designated as an in-demand occupation by the committee.

GAP ASSISTANCE FUNDING

As required by Neb. Rev. Stat. § 9-812[5][c], funding for the Gap Assistance program was provided through a quarterly transfer of 9% from the Education Improvement fund, which receives 44.5% of lottery proceeds. Beginning July 1, 2024, the transfer amount was reduced to 7% and will be transferred to the GAP Assistance fund. The first transfer to the Gap Assistance program took place in October 2016, with the first transfer to the community colleges occurring shortly after.

GAP ASSISTANCE REPORTING

The Nebraska Community College Student Performance and Occupational Education Grant Committee provides direction for the Gap Assistance program, and the Coordinating Commission for Postsecondary Education administers the program. At the direction of the committee, community colleges are required to report basic demographic, program, and employment data for each participant to gauge the effectiveness of the Gap Assistance program.

Summary

The eighth year of the Gap Assistance program shows an increase in both applications and participants accepted into the program. Southeast Community College led the way with 26% of the total number of approved participants in 2023-24 followed by Metropolitan Community College with 25%.

As of September 20, 2024, there were 369 approved programs in the 13 in-demand occupational areas eligible for Gap Assistance funding [See Appendix A]. Health services and transportation, warehousing, and distribution logistics were the most utilized programs in 2023-24 followed by software and computer services programs. [See Table 5 for 2023-24 figures and Table 13 for cumulative figures.]

Of the 467 approved participants in the Gap Assistance program during 2023-24, 192 (41.1%) were male and 275 (58.9%) were female compared to 2022-23 when 41.9% were male and 58.1% were female. Those that took the greatest advantage of the program in its eighth year were males aged 26-30 and females aged 21-25. [See Table 7 for 2023-24 figures and Table 15 for cumulative figures.]

The top in-demand fields for male participants during 2023-24 were transportation, warehousing, and distribution logistics. The top in-demand field for female participants for the eighth year in a row was health services. [See Table 8 for 2023-24 figures and Table 16 for cumulative figures.]

Of the \$1,387,601 in direct costs and administrative expenses incurred by the community colleges during 2023-24, 84.4% was used for tuition, 3.9% was used for books and equipment, 0.4% was used for fees, and 11.4% for administrative expenses. This compares with the first year of the program when \$311,379 of costs were incurred and 56% was used for tuition, 12% was used for books and equipment, 1% was used for fees, and 31% for administrative expenses.
