Supplemental / Clarification Letter Regarding Request of Funds

Please receive this as a supplemental letter to clarify Creighton's request with the respect to the Request for Proposal for Contractual Services Solicitation Number 87164 Z6. In meeting the RFP deliverable requirements, and providing adequate match dollars, Creighton respectfully requests the maximum allowable award (\$8 million) under the Oral Health Training and Services Fund. It is understood, per statute, the award amount will be determined based upon the applicants and subsequent match dollars provided. While the Creighton proposal implicitly requests \$8 million based upon proof of \$35,913,015.70 million in match dollars, it is important to clarify the intent and proposal request.

Respectfully submitted on behalf of Creighton University,

Sean Kelley

**On-Campus and Community Clinical Patient Care Through School Districts & FQHC’s**

**Current on-campus clinical patient care and community clinical patient care through school districts & FQHC’s**

12,000 annual patients for continuing dental care services on the Creighton University campus. More than 14,000 adult and children patient visits through partnerships with Omaha Public Schools, Charles Drew Health Center, and OneWorld Community Health Center.

**Expanded on-campus clinical patient care and expanded school district/FQHC Community Care**

In year one of the new school of dentistry building an additional 500 patients, expansion of 1000 patients in year two (13,000 total), expansion of 2000 patients in year three (14,000), and years four through ten an expansion of 3,000. Therefore, in years four through ten 15,000 patients will be served each year. The expansion of clinical care parallels the increase of enrollment beginning in August 2018. The expanded care increases incrementally with additional enrollment and will continue for a minimum of 10 years.

Creighton University School of Dentistry will begin expanding community oral health care in 2017 from current levels. In 2017, Creighton will expand oral health community care to other Federally Qualified Health Centers. Over a five-year period, Creighton estimates an additional 10,000 patients served. The current patient service level is 14,000 and at year five, the estimated patient

level will be 24,000. When fully realized (over the first five years of the new school of dentistry facility) the patients served at internal clinics and external services will increase from 26,000 to 39,000 patients annually. Expanded oral health training and services with Federally Qualified Health Centers will continue for a minimum of 10 years. None.

### New and Expanded Rural Scholarship and Rural Workforce Development

Creighton School of Dentistry will be offering a rural health scholarship of \$100,000 per recipient (\$25,000 per year) throughout the course of his/her dental education so long as the recipient agrees to practice dentistry for at least five years after graduation in a dental health shortage area. There will be one scholarship per class, for a total of 34 scholarships over 10 years. Scholarships will begin in August 2018. Rural scholarships will continue for a minimum of 10 years.

## **Creighton University Request for Proposal**

### **Request for Proposal (“RFP”) 87164 Z6**

*Work Plan. Contain a detailed description of costs and the activities to be conducted to provide the deliverables (scholarships, 10 years of community/campus oral health care, and telehealth).*

Creighton University is dedicated to developing a skilled and diverse workforce in the practice of dentistry in Nebraska to provide for oral health of all Nebraskans. As public health research indicates and the Nebraska Legislature cited in Legislative Bill 661 (2015), there are significant oral health care and workforce challenges across Nebraska. As cited, a majority of the ninety-three counties of the State of Nebraska are general dentistry shortage areas as designated by the Nebraska Rural Health Advisory Commission and more than twenty percent of the ninety-three counties have no dentist; Eighty-two counties are shortage areas in pediatric dentistry as designated by the Nebraska Rural Health Advisory Commission; the uneven distribution of dentists in the State of Nebraska is a public health concern and twenty-four percent of the dentists in Nebraska are estimated to be planning to retire by 2017; and sixty percent of the children in the State of Nebraska experience dental disease by the time they are in the third grade<sup>1</sup>. Additionally, the shortage of dental workforce is a national problem and Health Resources and Services Administration (“HRSA”) projects a national shortage exceeding 15,000 dentists by 2025<sup>2</sup>. This public health concern has been recognized through Creighton’s private fundraising efforts to enhance oral health training and services with a new School of Dentistry building. The new

Creighton School of Dentistry will expand oral health care training through additional enrollment, increase oral health clinical care onsite, expand community oral health care to five federally qualified health centers throughout the state, incentivize rural shortage dentistry through scholarships, and provide critical telehealth technology. The \$8 million requested would be used for patient centered equipment. The Oral Health Training and Services Fund is vital to the success of Creighton's commitment to incremental oral health care training and service in Nebraska. All other deliverables including rural scholarships, expanded onsite clinical care, community and greater Nebraska oral health care, and tele-dentistry will be funded from the general operating budget of the school of dentistry and supported from enrollment expansion tuition.

Creighton School of Dentistry is a Nebraska tax exempt and professionally accredited education institution that offers a doctor of dental surgery degree pursuant to Neb. Rev. Stat. §85-1414.01. The Creighton University School of Dentistry opened in 1905 and has operated in the current Boyne Building since 1975. The Boyne Building also houses the School of Pharmacy and Health Sciences. The building houses 340 dental students.

The dental profession has been ranked as one of the most desirable jobs by U.S. News and World Report<sup>3</sup>. Validating this ranking is the high volume of School of Dentistry applications. Creighton University School of Dentistry receives over 2,200 applications for the 85 available first-year positions.

Creighton has a record of matriculating Nebraska residents. While only 4% of the over 2,200 Creighton applicants are Nebraskans, Creighton enrolls on average 10-12% of each class from Nebraska. The results can be seen in the community, where Creighton dental alums comprise approximately 75% of all dentists in the greater Omaha area and 30% of all practicing dentists in Nebraska. Creighton is dedicated to continue these efforts to contribute to a skilled and diverse oral health workforce in Nebraska.

A vital and integral aspect of Creighton's dental education includes clinical experience and service within Nebraska communities. Over the 2014-15 academic year, more than 12,000 adult

and pediatric patients received oral health services through more than 44,600 patient visits to the campus clinic. In addition to the on-campus clinic, Creighton School of Dentistry treated more than 14,000 adults and children through Creighton's service learning partners. The partners include, Omaha Public Schools, Building Healthy Futures, Give Kids a Smile, OneWorld Community Health Center, Charles Drew Health Center, Heart Ministry Center, Project Homeless Connect, Special Olympics, St. Francis Dental Clinic-Rosebud Reservation, and Institute for Latin American Concern. Together, these discounted and unreimbursed oral health services are valued at more than \$8 million annually.

Despite Creighton School of Dentistry's impressive academic, clinical workforce development, and service components, Creighton envisions an even greater impact. The Boyne Building is nearing its useful life as a School of Dentistry and oral health clinic. Creighton University leadership is committed to expanding their oral health services and increasing their number of dental students. As such, Creighton University officially announced the groundbreaking of a new dental facility on campus at 22<sup>nd</sup> and Burt Streets.

The new Creighton University School of Dentistry will open in the Fall of 2018. The total project cost of the Creighton University School of Dentistry project is \$81 million. The hard construction cost of the 267,000-square foot building is \$56.7 million. Included in the building cost is \$8 million for patient centered equipment related directly to the delivery of oral health care training and services. The private matching fund dollars are used for the construction and infrastructure to provide expanded oral health care training and expanded oral health care services. These funds will ensure a facility to accommodate increased enrollment and increased oral health services. The adult clinic will feature 138 operatories for adult patient care, six operatories for acute care treatment, two operatories dedicated to oral pathology, 10 operatories for oral and maxillofacial surgery, 13 operatories for faculty practice, a 32-seat simulation clinic, a 48-station student laboratory, 15 operatories for pediatric dentistry and orthodontics, and a 120 station pre-clinical training simulation laboratory. Creighton is pleased to report the Commission on Dental Accreditation ("CODA") approved without restrictions or reporting requirements the enrollment expansion. Please find the enclosed letter dated August 12, 2016.

With the help of the Oral Health Training and Services Grant, enrollment will increase from 85 students per class (340 total) to 115 students per class (460 total). The expanded enrollment will lead to an increased number of inpatient clinical chairs from 155 to 188. Moreover, the Creighton onsite clinical patients served will be expanded incrementally from 12,000 to approximately 15,000 (in year four). The new facility will encompass 267,000 square feet with more than 33% of the building dedicated to oral health clinics. The enlarged clinics and increased enrollment will provide an expansion of existing services, develop a skilled and diverse workforce, and specifically target at-risk populations.

Per statute, Creighton would spend Oral Health and Training Services Grant dollars on expanding the operatory equipment noted above and replicating Creighton's successful programming to new partnerships. Beginning in 2017, Creighton will expand current oral health services to other Federally Qualified Health Centers. The FQHC's served will be located in at least in five different Nebraska counties. The FQHC's include Good Neighbor Health Center in Platte County, Heartland Health Center in Hall County, Good Neighbor Health Center in Dodge County, Community Action Partnership of Nebraska Health Center in Scotts Bluff County, and Community Action Partnership of Nebraska Health Center in Dawes County. The goal is to work with local public health providers to target the projects with the most impact on oral health. Creighton will provide oral health care services to an additional 10,000 patients by year four through FQHC collaboration. This oral health program will focus on at-risk populations and encompass a maximum 175 dental students for an estimated 20,000 visits. Through our service learning partners, we anticipate this project will not only provide much needed oral health care, but also add to the development of skilled and diverse workforce. Moreover, oral health training in rural areas of Nebraska will provide positive exposure for dental students in the underserved areas of Nebraska. Creighton estimates the total cost of the of rural outreach to be \$570,000 dollars when the program is at capacity. All programming will be funded from the schools general operating fund from the enrollment expansion. In addition, the overall scholarship cost will be \$850,000 over the course of the performance period (number will increase because of inflation). Currently, the annual Creighton University School of Dentistry tuition is approximately \$57,000. In total, when fully implemented, Creighton will provide \$10.1 million in discounted and

unreimbursed care to Nebraskans. At capacity, the expanded community outreach will add over \$2 million per year in incremental care. The additional programming will be a valued asset in providing the highest quality, quantity, and efficient services to other at-risk populations

Also of note is the impact Creighton School of Dentistry's pilot programs have had in the community. In 2014, Creighton and Building Healthy Futures piloted an oral health program with Omaha Public Schools. A snapshot of this program from January – May 2014, resulted in 1357 fluoride varnish and dental screening and 2444 children received oral health education. Of the children treated, 34% had untreated decay. Creighton University School of Dentistry is excited to continue this program in the Omaha area and intends to continue this programming while expanding other oral health service and training opportunities.

To reduce the education cost for students and place more dentists in shortage and rural areas, Creighton will offer one scholarship per class; providing a maximum of four scholarships at any given time for a total of 34 scholarships during the performance period. The student(s) receiving the scholarship will be required to practice in a shortage area as defined by the Nebraska Rural Health Advisory Commission ("NRHAC"), for a minimum of five years. Please find the scholarship agreement attached.

Finally, and the most technologically advanced aspect of Creighton's work plan, is telehealth through tele-dentistry. Per Neb. Rev. Stat. § 71-8503:

(3) telehealth means the use of medical information electronically exchanged from one site to another, whether synchronously or asynchronously, to aid a health care practitioner in the diagnosis or treatment of a patient. Telehealth includes services originating from a patient's home or any other location where such patient is located, asynchronous services involving the acquisition and storage of medical information at one site that is then forwarded to or retrieved by a health care practitioner at another site for medical evaluation, and telemonitoring; (4) Telehealth consultation means any contact between a patient and a health care practitioner relating to the health care diagnosis or treatment of such patient through telehealth;

Creighton will embrace this new technology and expand on the existing use of tele-dentistry in the current Boyne Building. Current tele-dentistry services are asynchronous tele-dentistry limited to telephone, email, and radiographs consultations primarily for pathology and radiology consultations. The technological capabilities in the new building will allow for an expanded tele-dentistry footprint capable of embracing exciting opportunities for remote segments of Nebraska that can best benefit from this service. The new facility will provide for expanded consultative services across pathology, radiology, periodontics, oral surgery with focus on dental implants, endodontics, and prosthodontics. Comprehensive complex diagnosis and treatment planning will be facilitated to all locations with internet access. Real-time synchronous consultative service will be available for patients and dentists in remote locations using web-cam and intra-oral camera technology. In addition, live-patient evaluations on site in the new facility in Omaha can be transmitted back to the referring dentist when that is feasible for the patient. Tele-dentistry will be live August 2018. The tele-dentistry infrastructure will also be available for on-line dental education connecting dental student preceptors in rural locations and for dental continuing education courses.

Because of the Oral Health Training and Services Fund, Creighton will increase its development of a skilled and diverse dental workforce, disperse workforce to at-risk Nebraska areas, provide oral health care to those who would otherwise not receive care, and develop a tele-health network allowing access to oral health expertise in remote areas of Nebraska.

WHEREAS, Creighton, in furtherance of its mission, desires to encourage and support the development of dentists practicing in a dental health professional shortage area in the State of Nebraska, as designed by the Nebraska Rural Health Advisory Commission Resources ("NRHAC"); and

WHEREAS, Student is willing to and interested in practicing in a NRHAC; and

WHEREAS, it will benefit both Student and Creighton University ("Creighton") for Student to obtain his/her education and license and to practice full time a NRHAC.

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, the parties agree as follows:

1. Student shall obtain the Oral Health Training over a period of time commencing upon [Insert Date of Matriculation] and ending upon [Date of Graduation] ("Training Period").
2. During the Training Period, Creighton will provide Student with tuition credits which the parties agree is worth approximately One Hundred Thousand Dollars (\$100,000) from [Date of Matriculation] and ending upon [Date of Graduation] ("Training Costs").
3. Student agrees to engage in the full time practice of dentistry in an NRHAC for sixty (60) consecutive months beginning upon successful completion of four years' oral health training ("Graduation"). If Student fails to remain a full time practicing dentist in a NRHAC for the full sixty months following Graduation for any reason other than death or disability, the parties agree that Creighton will suffer damages in that Creighton will have incurred the Training Costs on behalf of Student in good faith reliance on Student practicing as a dentist full time in an NRHAC. The amounts set out below represent a reasonable estimate of the damages Creighton will suffer as a result of Student's early departure, and **Student promises to pay to the order of Creighton the amount set out in the schedule below:**

If Student does not practice as a full time dentist in an NRHAC any time in year one following Graduation, s/he will pay Creighton \$100,000, plus all accrued interest thereon;

If Student does not practice as a full time dentist in an NRHAC any time in year two following Graduation, s/he will pay Creighton \$80,000, plus all accrued interest thereon;

If Student does not practice as a full time dentist in an NRHAC any time in year three following Graduation, s/he will pay Creighton \$60,000, plus all accrued interest thereon;

If Student does not practice as a full time dentist in an NRHAC any time in year four following Graduation, s/he will pay Creighton \$40,000, plus all accrued interest thereon.

If Student does not practice as a full time dentist in an NRHAC any time in year five following Graduation, s/he will pay Creighton \$20,000, plus all accrued interest thereon.

4. During each of the five years following Graduation, the forgiven portion of these funds plus interest of [need to insert current market rate at time contract is signed]% on this amount will be reported as income to Student

on the appropriate federal income tax form. A copy of the forgiveness amortization schedule is attached as Exhibit A and made a part of this Agreement.

5. Should Student not graduate from Creighton with a degree in Dentistry by year four, Student shall owe to Creighton the Oral Health Training Costs incurred up to the date of Student's withdrawal or dismissal from Creighton's School of Dentistry.
6. This Agreement shall in no way be construed as an offer or guarantee of admission to Creighton's School of Dentistry nor a guarantee of graduation from Creighton's School of Dentistry.
7. Student, for her/himself, her/his heirs, legal representatives, successors, and assigns, hereby waives presentment, demand, protest, notice of dishonor, and any other notices provided by law, and waives any right to be released by reason of any extension of time or change in payment.
8. Student agrees to pay immediately upon demand, in cash, all costs and expenses of Creighton including reasonable attorneys' fees incurred in collecting the sums due hereunder, in enforcing any terms or provisions of this Agreement, or in protecting the rights of Creighton University hereunder. No delay or omission on the part of Creighton hereof in exercising any right hereunder shall operate as a waiver of such right or of any other right under this Agreement.
9. This Agreement shall be interpreted, construed, and enforced according to the laws of the State of Nebraska.
10. Student does not intend to pay nor does Creighton University intend to charge, accept or collect any interest greater than the highest legal rate of interest that may be charged under applicable law. Should the acceleration of this Agreement or any charges violate any such usury law, Creighton shall waive any and all such excess interest charges.
11. Repayment amounts are payable in lawful money of the United States. Payment shall be made to Creighton University, c/o Administrator, School of Dentistry, 2500 California Plaza, Omaha, Nebraska 68178, or to such other place as Creighton may designate in writing from time to time.

The parties have entered into this Agreement as of the date first above written.

Commission on Dental Accreditation

August 12, 2016

Rev. Daniel S. Hendrickson, president  
Creighton University  
2500 California Plaza  
Omaha, NE 68178

RE: Creighton University School of Dentistry  
Dental Education Program

Dear Father Hendrickson:

At its August 4, 2016 meeting, the Commission on Dental Accreditation (CODA) considered the June 2016 report requesting a *permanent* increase in enrollment of 30 students per class for the dental education program, as part of a change to a new School of Dentistry building. After careful review of all pertinent information, the Commission adopted a resolution approving the program's changes and maintaining the program's accreditation status of "approval without reporting requirements." The definitions of accreditation classifications are enclosed.

In doing so, the Commission noted that sites where educational activity occurs may be involved in the implementation of the enrollment increase. In accordance with Commission policy, "minor" activity sites are reportable in writing at least thirty (30) days prior to the anticipated implementation of the change, based upon the individual points of the complementary guidelines.

#### **General Information**

In taking this action, the Commission stipulated that it will expect the institution to keep the Commission informed as soon as possible of anticipated changes in any approved educational program offered, particularly in the areas of administration, enrollment, faculty, facilities and curriculum. The Commission's policy and guidelines for reporting program changes are enclosed.

The Commission on Dental Accreditation monitors increases in enrollment. The purpose for monitoring increases in enrollment through review of existing and projected program resources (faculty, patient availability, and variety of procedures, physical/clinical facilities, and allied support services) is to ensure that program resources exist to support the intended enrollment increase. Failure to comply with the policy will jeopardize the program's accreditation status. Commission guidelines for reporting increases in enrollment are enclosed.

All institutions offering programs accredited by the Commission are expected to adhere to deadlines for requests for program information. If an institution fails to comply with the Commission's request, or a prescribed deadline, it will be assumed that the institution no longer wishes to participate in the accreditation program. In this event, the Commission will immediately notify the chief executive officer of the institution of its intent to withdraw the accreditation of the program at its next scheduled meeting.

The Commission has authorized use of the following statement by institutions or programs that wish to announce their programmatic accreditation by the Commission. Programs that wish to advertise the specific programmatic accreditation status granted by the Commission may include that information as indicated in italics below (see text inside square brackets); that portion of the statement is optional but, if used, must be complete and current.

<i>MS</i>			

All contracts will be awarded according to law and the provisions in the Request for Proposal. The State reserves the right to reject any or all proposals, wholly or in part, or to award to multiple bidders in whole or in part, and at its discretion, may withdraw or amend the Request for Proposal at any time. The State reserves the right to waive any deviations or errors that are not material, do not invalidate the legitimacy of the proposal, and do not improve the bidder's competitive position. All awards will be made in a manner deemed in the best interest of the State. The Request for Proposal does not commit the State to award a contract. If, in the opinion of the State, revisions or amendments will require substantive changes in proposals, the due date may be extended.

No bidder shall receive an award amount under this contract of more than eight million dollars. If more than one bidder provides evidence that private or other funds have been received by the bidder as matching funds for this contract in an amount greater than or equal to sixteen million dollars, each such bidder may receive an award amount equal to eight million dollars divided by the number of such bidders. If one bidder qualifies for a contract award amount of less than four million dollars, any other bidder may receive a contract award amount up to eight million dollars minus the amount award to the bidder qualifying for the lowest contract award amount.

If any amount of the matching fund requirement prior to award is deemed ineligible to be counted as match by the State, the bidder's award amount shall be proportionally reduced according to statute.

By submitting a proposal in response to this Request for Proposal, the bidder grants to the State the right to contact or arrange a visit in person with any or all of the bidder's clients.

Once an intent to award decision has been determined, it will be posted to the Internet at:  
<https://ccpe.nebraska.gov/oral-health-training-and-services-fund>

Any protests must be filed by a bidder within ten (10) business days after the intent to award decision is posted to the Internet. Any protests must also be in writing and forwarded to the Executive Director of the Commission.

The bidders shall specify the source and amount of all matching funds and provide evidence that private or other funds have been received by the bidder as matching funds for this contract. Matching fund documentation must be sufficient to allow for review to ensure all matching funds are preserved and spent for this contract. All matching funds, those not yet expended and those expended, shall be verifiable from the applicant's records throughout the performance period. If the State determines through an audit or other means that an awarded party has not preserved (i.e., used the matching funds for other purposes not reasonably related to this contract) the originally identified matching funds used for this RFP, the awarded party shall reimburse the State twenty-five (25) cents for each matching dollar not preserved.

Contractors must expend all matching fund contributions for this contract prior to the end of the performance period. If Contractor does not expend all matching funds prior to the end of the performance period, bidder shall reimburse the State twenty five (25) cents for each matching dollar not expended.

Matching fund documentation must be clearly and concisely provided in contractor's proposal. This includes, but is not limited to, identifying how and when the matching funds will be spent during the performance period, how the matching funds are necessary and reasonable in light of the oral health goals listed in Neb. Rev. Stat. § 85-

1414.01(2), and an explanation of how these matching funds are being used to offer new and/or expanded oral health services to residents of Nebraska rather than supplanting bidder's existing oral health funding.

2. Whenever the Contractor encounters any difficulty which is delaying or threatens to delay its timely performance under the contract, the Contractor shall immediately give notice thereof in writing to the State reciting all relevant information with respect thereto. Such notice shall not in any way constitute a basis for an extension of the delivery schedule or be construed as a waiver by the State of any of its rights or remedies to which it is entitled by law or equity or pursuant to the provisions of the contract. The contract may be terminated as follows:

1. The State and the Contractor, by mutual written agreement, may terminate the contract at any time.
2. The State, in its sole discretion, may terminate the contract for any reason upon thirty (30) calendar day's written notice to the Contractor. Such termination shall not relieve the Contractor of warranty or other service obligations incurred under the terms of the contract. In the event of termination the Contractor shall be entitled to payment, determined on a pro rata basis, for products or services satisfactorily performed or provided. After such determination, unentitled advanced funds must be returned to the State within thirty (30) calendar days.
3. The State may terminate the contract immediately for the following reasons:

  - b. Contractor has made an assignment for the benefit of creditors, has admitted in writing its inability to pay debts as they mature, or has ceased operating in the normal course of business;

Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:
<i>Mej</i>			

The State may terminate the contract, in whole or in part, if the contractor fails to perform its obligations under the contract in a timely and proper manner. The State may, by providing a written notice of default to the Contractor, allow the Contractor to cure a failure or breach of contract within a period of thirty (30) calendar days (or longer at State's discretion considering the gravity and nature of the default). Said notice shall be delivered by Certified Mail, Return Receipt Requested, or in person with proof of delivery. Allowing the Contractor time to cure a failure or breach of contract does not waive the State's right to immediately terminate the contract for the same or different contract breach which may occur at a different time. In case of default of the Contractor, the State may contract the service from other sources and hold the Contractor responsible for any excess cost occasioned thereby.

**BB. ASSURANCES BEFORE BREACH**

<i>Mej</i>

Neither party shall be liable for any costs or damages resulting from its inability to perform any of its obligations under the contract due to a natural disaster, or other similar event outside the control and not the fault of the affected party ("Force Majeure Event"). A Force Majeure Event shall not constitute a breach of the contract. The party so affected shall immediately give notice to the other party of the Force Majeure Event. The State may grant relief from performance of the contract if the Contractor is prevented from performance by a Force Majeure Event. The burden of proof for the need for such relief shall rest upon the Contractor. To obtain release based on a Force Majeure Event, the Contractor shall file a written request for such relief with the Commission. Labor disputes with the impacted party's own employees will not be considered a Force Majeure Event and will not suspend performance requirements under the contract.

The Contractor shall at any time requested by the State, whether during or after completion of this contract and at Contractor's own expense make such records available for inspection and audit (including copies and extracts of records as required) by the State. Such records shall be made available to the State during normal business hours at the Contractor's office or place of business. In the event that no such location is available, then the financial records, together with the supporting or underlying documents and records, shall be made available for audit at a time and location that is convenient for the State. Contractor shall ensure the State has these rights with Contractor's assigns, successors, and Subcontractors, and the obligations of these rights shall be explicitly included in any Subcontracts or agreements formed between the Contractor and any Subcontractors to the extent that those Subcontracts or agreements relate to fulfillment of the Contractor's obligations to the State.

Costs of any audits conducted under the authority of this right to audit and not addressed elsewhere will be borne by the State unless certain exemption criteria are met. If the audit identifies overpricing or overcharges (of any nature) by the Contractor to the State in excess of one-half of one percent (.5%) of the total contract amount, the Contractor shall reimburse the State for the total costs of the audit. If the audit discovers substantive findings related to fraud, misrepresentation, or non-performance, the Contractor shall reimburse the State for total costs of audit. Any adjustments and/or payments that must be made as a result of any such audit or inspection of the Contractor's invoices and/or records shall be made within a reasonable amount of time (not to exceed ninety (90) calendar days) from presentation of the State's findings to Contractor.

All inspections and evaluations shall be at reasonable times and in a manner that will not unreasonably delay work.

**KK. CHANGES IN SCOPE/CHANGE ORDERS**

Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:
<i>May</i>			

The State may, upon the written agreement of Contractor, make changes to the contract within the general scope of the RFP. Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:
<i>Mej</i>			

Data contained in the proposal and all documentation provided therein, become the property of the State of Nebraska and the data becomes public information upon opening the proposal. If the bidder wishes to have any information withheld from the public, such information must fall within the definition of proprietary information contained within Nebraska's public record statutes. **All proprietary information the bidder wishes the State to withhold must be submitted in a sealed package, which is separate from the remainder of the proposal, and provide supporting documents showing why such documents should be marked proprietary.** The separate package must be clearly marked PROPRIETARY on the outside of the package. **Bidders may not mark their entire Request for Proposal as proprietary.** Bidder's work plan may not be marked as proprietary information. Failure of the bidder to follow the instructions for submitting proprietary and copyrighted information may result in the information being viewed by other bidders and the public. Proprietary information is defined as trade secrets, academic and scientific research work which is in progress and unpublished, and other information which if released would give advantage to business competitors and serve no public purpose (see Neb. Rev. Stat. §84-712.05(3)). In accordance with Attorney General Opinions 92068 and 97033, bidders submitting information as proprietary may be required to prove specific, named competitor(s) who would be advantaged by release of the information and the specific advantage the competitor(s) would receive. Although every effort will be made to withhold information that is properly submitted as proprietary and meets the State's definition of proprietary information, the State is under no obligation to maintain the confidentiality of proprietary information and accepts no liability for the release of such information.

Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:
			

Bidder shall not collude with, or attempt to collude with, any state officials, employees or agents; or evaluators or any person involved in this RFP. The bidder shall not take any action in the restraint of free competition or designed to limit independent bidding or to create an unfair advantage.

Should it be determined that collusion occurred, the State reserves the right to reject a bid or terminate the contract and impose further administrative sanctions.

It is not the intent of this section to prohibit bidders from working collaboratively to plan a partnership in order to accomplish the deliverables of this RFP.

**QQ. PRICES**

Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:
			

All prices, costs, and terms and conditions outlined in the proposal shall remain fixed and valid commencing on the opening date of the proposal until an award is made (and for bidder receiving award, prices shall remain as bid for the duration of the contract unless otherwise so stated in the contract) or the Request for Proposal is cancelled.

Contractor represents and warrants that all prices for services, now or subsequently specified are as low as and no higher than prices which the Contractor has charged or intends to charge customers other than the State for the same or similar products and services of the same or equivalent quantity and quality for delivery or performance during the same periods of time. If, during the term of the contract, the Contractor shall reduce any and/or all prices charged to any customers other than the State for the same or similar products or services specified herein, the Contractor shall make an equal or equivalent reduction in corresponding prices for said specified products or services.

It is the intent of the State that the process of evaluation of proposals and award of the contract be completed without external influence. It is not the intent of this section to prohibit bidders from seeking professional advice, for example consulting legal counsel, regarding terms and conditions of this Request for Proposal or the format or content of their proposal.

If the bidder is found to be in non-compliance with this section of the Request for Proposal, they may forfeit the contract if awarded to them or be disqualified from the selection process.

**2. INTELLECTUAL PROPERTY**

The Contractor agrees it will, at its sole cost and expense, defend, indemnify, and hold harmless the indemnified parties from and against any and all claims, to the extent such claims arise out of, result from, or are attributable to, the actual or alleged infringement or misappropriation of any patent, copyright, trade secret, trademark, or confidential information of any third party by the Contractor or its employees, Subcontractors, consultants, representatives, and agents; provided, however, the State gives the Contractor prompt notice in writing of the claim. The Contractor may not settle any infringement claim that will affect the State's use of the Licensed Software without the State's prior written consent, which consent may be withheld for any reason.

If a judgment or settlement is obtained or reasonably anticipated against the State's use of any intellectual property for which the Contractor has indemnified the State, the Contractor shall, at the Contractor's sole cost and expense, promptly modify the item or items which were determined to be infringing, acquire a license or licenses on the State's behalf to provide the necessary rights to the State to eliminate the infringement, or provide the State with a non-infringing substitute that provides the State the same functionality. At the State's election, the actual or anticipated judgment may be treated as a breach of warranty by the Contractor, and the State may receive the remedies provided under this RFP.

3. **PERSONNEL**

The Contractor shall, at its expense, indemnify and hold harmless the indemnified parties from and against any claim with respect to withholding taxes, worker's compensation, employee benefits, or any other claim, demand, liability, damage, or loss of any nature relating to any of the personnel provided by the Contractor.

The State retains all rights and immunities under the State Miscellaneous (Section 81-8,294), Tort (Section 81-8,209), and Contract Claim Acts (Section 81-8,302), as outlined in Neb. Rev. Stat. § 81-8,209 *et seq.* and under any other provisions of law and accepts liability under this agreement to the extent provided by law.

**WW. EMPLOYEE WORK ELIGIBILITY STATUS**

Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:
			

The Contractor is required and hereby agrees to use a federal immigration verification system to determine the work eligibility status of employees physically performing services within the State of Nebraska. A federal immigration verification system means the electronic verification of the work authorization program authorized by the Illegal Immigration Reform and Immigrant Responsibility Act of 1996, 8 U.S.C. 1324a, known as the E-Verify Program, or an equivalent federal program designated by the United States Department of Homeland Security or other federal agency authorized to verify the work eligibility status of an employee.

**XX. CERTIFICATION REGARDING DEBARMENT, SUSPENSION AND INELIGIBILITY**

Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:
			

The Contractor, by signature to this RFP, certifies that the Contractor is not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by any federal department or agency from participating in transactions (debarred). The Contractor also agrees to include the above requirements in any and all Subcontracts into which it enters. The Contractor shall immediately notify the Commission if, during the term of this contract, Contractor becomes debarred. The Commission may immediately terminate this contract by providing Contractor written notice if Contractor becomes debarred during the term of this contract.

Contractor, by signature to this RFP, certifies that Contractor has not had a contract with the State of Nebraska terminated early by the State of Nebraska. If Contractor has had a contract terminated early by the State of Nebraska, Contractor must provide the contract number, along with an explanation of why the contract was terminated early. Prior early termination may be cause for rejecting the proposal.

**YY. OFFICE OF PUBLIC COUNSEL**

Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:
			

If it provides, under the terms of this contract and on behalf of the State of Nebraska, health and human services to individuals; service delivery; service coordination; or case management, Contractor shall submit to the jurisdiction of the Office of Public Counsel, pursuant to Neb. Rev. Stat. §§ 81-8,240 et seq. This section shall survive the termination of this contract and shall not apply if Contractor is a long-term care facility subject to the Long-Term Care Ombudsman Act, Neb. Rev. Attachment to RFP 87164 Z6 Section III. G

Provide Alternative within RFP Response:

Creighton University proposes to retain our medical payment limit to \$5,000. To comply with the \$10,000 medical payment insurance requirement, Creighton University would incur an additional expense. Creighton's total liability coverage provides more relevant and useful protection for the RFP requirements. If Creighton is required to enhance the medical payment, the additional premium cost will directly reduce the Creighton University School of Dentistry budget used to provide oral health training and services.

If the above is rejected, Creighton proposes, in the alternative, to retain the \$5,000 limit and pledges to self-insure with our balance sheet and A2 rating if the other \$5,000 is required.
